WEDNESDAY, FEB. 18, 1891.

The unanimous nomination ten-
dered Mr. Macdowall at Battleford
and repeated at Prince Albert, finds
an echo in every parish throughout
the district, and a few days will de-
monstrate that never before has Mr.
Macdowall occupied so strong a po-
sition of confidence among his
constituents as he does to-day. The
best institutions of our country are
being attacked, and cherished con-
nections are sought to be broken in
the interests of a foreign people,
and tools are easily secured, who,
for a consideration, will undertake
to assist in carrying out a scheme
which has been the secret desire of
the United States for years past.
The McKinley bill was the second
turn of the crank being used to force
a people into submission. Fortu-
nately for Canada, statesmen were
at the head of our institutions, and
the blow instead of proving itself
injurious, has opened up new and
more profitable channels of trade.
Canadians appreciate this fact, and
in no part of the Dominion is it
more fully appreciated than in Sas-
katchewan, this will be forcibly de-
monstrated on the coming 5th of
March, the third turn of the crank
will prove weakest of all. Dishonest
Canadians have become hirelings
of American monopolists, and an
indignant people all along the line
from the Atlantic to the Pacific will
strike back, and would be American
politicians will find no place in the
next Parliament of Canada.

After years of faithful service,
Hon. Mr. Blake steps down and out
and Canada has lost the service of
one of her most able statesmen. He
withdraws from politics and his
party on account of the position
they have assumed on the trade
question. Mr. Blake will not sacri-
fice his country for a party gain.
Old time reformers in this district
should give Mr. Blake's action their
careful study. He represents the
best elements of the party who pre-
fers to keep Canada for Canadians,
and refuse to swallow Cartwright's
Free Trade pill.

Vote for Macdowall, and secure
his influence toward getting for
Prince Albert an Indian Industrial
and Boarding School.

The electors of Saskatchewan are
preparing themselves to speak with
no uncertain sound. They believe
in honest government and Canada
for the Canadians. They believe in
honesty among our public men.
They are a public-spirited people
and refuse to recognize those who
seek office from selfish motives.
They gave Mr. Macdowall a hand-
some majority in 1887, they are
prepared to increase it on March
5th. Faithful to their interests,
they will be faithful to him who has
honestly served them for the past
four years.

Vote for Macdowall, and secure
an honest representative to look
after the valuable interests of Sas-
katchewan.

REV. MR. ROCHESTER.

In a few days the clerical body of our
town will be augmented by the addition
of Rev. Mr. Rochester, who comes here
to act as spiritual guide to the con-
gregation of St. Paul's church. For Mr.
Rochester we ask a kindly welcome,
such as the congregation to which he is
coming has always given its former pas-
tors on their arrival in this town. That
this congregation has become much dis-
organized needs not our testimony, but
we hope that at this most suitable time,
the enthusiastic steps which have al-
ready been taken for its reorganization,
will be but a slight indication of the
energy which is to be shown in the fu-
ture. A subscription list has been cir-
culated and has, we understand, been
liberally responded to, but good as
liberality is there is a still more impor-
tant factor than this in the life of a
church. Divine writ informs us "though
I bestow all my goods to feed the poor
and have not charity, I am nothing,"
and herein is that alone which ensures
success in spiritual matters. We will
only find truly successful churches,
whatever be their wealth, when their
members, like immortal saint Paul, ex-
hibit to the world this charity in its
highest form, and count these things
loss to Christ which are gain to them.
Surely the institution, which more than
any other has brought happiness and
comfort to our homes, is worth all the
trouble that is ever taken to build it up.
With all their liberality we invariably
find that men can only give a mere frac-
tion of what they spend on pleasure.
For the proper conduct of a congregation
we all look to the minister, who, if he is
a true minister, is sent by heaven, and
whose consecrated labors will, without
any doubt, lead his people also to con-
secrate their lives. That such a thing
may be brought about, there must be
power which is not of earth but from
heaven. As one of the greatest of mo-
dern preachers has said: "We all need
more of the power from on high, not
muscular power, not social power, not
financial power, not brain power, but
power from on high." When congrega-
tions possess this power from on high,
they will have true prosperity and not a
mere form of religion. No congregation
can boast that it possesses much of it,
all need it, but let any body of worship-
pers, however small, get it and all else
will prosper, but without it whatever
else be present, all will be useless. To
the congregation who have chosen to be
known by the name of the apostle whose
consecrated labors more than those of
any other man, have made the church
what it is to-day, we would call to
mind the last words of Christ to his
apostles, "Tarry ye till ye be endued
with power from on high."

Vote for Macdowall, and the ad-
vantages of cheese and creamery
schools for Saskatchewan.

ADDRESS

**To the Electors of the District
of Saskatchewan:**

GENTLEMEN,—After having faithfully served your interests for the
past four years in the Federal Parliament, and having been chosen by
the Conservatives as their representative in the contest for this consti-
tuency, I appeal to you for your votes on the 5th of March, and pledge
myself, if elected, to forward the interests of this district with the same
energy as I have employed in the past.

As the leader of the Liberal Party has publicly stated in the House
of Commons the position of that party with regard to Halfbreed Scrip,
namely, that only those halfbreeds who were living in Canadian terri-
tory in 1870 should receive scrip, it is to the Conservative Party alone
that the Territorial halfbreeds can look with any hope of obtaining the
additional scrip they claim as a right.

As during the last session of Parliament the Minister of Justice
stated that whenever evidence can be given showing that the Govern-
ment is clearly liable for losses sustained through the action of Govern-
ment officials during the rebellion, such cases would be re-opened. This
practically settles the question of Rebellion Losses.

The Government having granted assistance to the Hudson Bay
Railway, should lead speedily to the completion of that undertaking as
an independent road.

The real issue before the electors is the trade policy of the Gov-
ernment as opposed to unrestricted reciprocity with the United States.
The policy of the Government is to uphold Canadian Nationality and
Confederation, of which they are the authors, but the policy of the
Opposition would inevitably lead to annexation, and a higher tariff
against the world than we have at present.

I pledge myself to the maintenance of our national independence,
and on this issue appeal to you with confidence for your votes.

I have the honor to be

Your obedient servant,

H. MACDOWALL.

TELEGRAPHIC.

(By Special Telegrams.)

Battleford,
Feb. 15th, 1891.

TIMES, P. A.,

On arrival here Macdowall met his friends, by whom he was warmly received, and organized for contest, then went to Bressaylor where he called on many and held meetings. Was everywhere welcomed and is pleased with prospects. Held meetings at Battleford, and in an hour's speech reviewed work of past four years in way that fully satisfied audience. J. M. Skelton for Montgomery, made speech full of wild assertions charging Macdowall with neglect of duty and worse. Macdowall replied in detail and was able to show he had done what was said he had neglected, and much more, and that things he was said to have done had no foundation. Audience large and enthusiastic. Canvass progressing favorably. People astonished at an old Conservative like Montgomery turning Grit so suddenly, and want explanations which will have to be very clear before proving satisfactory.

Saskatoon, Feb. 17th,

TIMES, P. A.,

The largest and most enthusiastic meeting ever held in Temperance Colony greeted Mr. Macdowall here last night, after his arrival from Battleford. Every available seat in building filled. R. J. Molloy occupied the chair. Mr. Macdowall spoke over an hour and a half, and dealt with various questions of interest to electors of this constituency and made a most able defence of the Conservative policy, while exposing the fallacy and hollowness of the unrestricted reciprocity fad. Several questions were asked the speaker at the close of his address, which he answered in so clear and straightforward a manner as to win approval of the entire audience. The meeting was his five minutes after he commenced his address, and at its close a vote of thanks was proposed and seconded by former opponents, was unanimously passed amid the most vociferous applause.

Macdowall the Stuff!

MET AT THE STATION

And Welcomed Home by Hosts of Friends.

On Mr. Macdowall's return here Tuesday night from Battleford and Saskatoon, he was the recipient of a rousing reception. As he stepped from the train the tremendous outburst of applause which greeted him indicates plainly his great popularity among the electors of this part of Saskatchewan. He was escorted by crowds of friends to the committee rooms which were found entirely inadequate to hold one third of the large crowd assembled. The Town Hall was secured, and was soon filled by Macdowall's friends. Dr. Bain briefly addressed the meeting, and called for Mr. Macdowall, whose appearance was the signal for fresh rounds of applause, and cheer after cheer were given the Conservative hero of Saskatchewan. Mr. Macdowall reviewed his trip to Battleford and recounted his successes at that place and Saskatoon, amid great enthusiasm.

Wednesday night a monster mass meeting of electors was held in the Town Hall. As Mr. Macdowall entered and took his seat on the platform, he was greeted with deafening applause. He spoke for an hour and a half, reviewing and defending his course in Parliament during the past four years. He dealt exhaustively with the reciprocity and annexation sentiments expressed by the Grits, clearly showing the satisfaction of the large audience the train of evils which would inevitably result from the adoption by the people of this country of the Grit policy. Montgomery followed in a brief speech, but his remarks were so disconnected, and utterly unworthy of a man seeking election as a member of the Parliament of Canada, that they will not bear repetition. Poor Monty, his reception was decidedly frigid. Capt. Craig, for Macdowall, was the next speaker. The Capt. in a splendid speech forcibly reviewed the past and present outlook of this country, dwelling on the present prosperous state of the country in comparison to the disastrous state of depression to which the Grits had brought it during their short term of office. H. W. Newland followed for Montgomery. Mr. Newland's speech was chiefly a resume of his reasons for disrespect to Macdowall. Neither he or Montgomery claimed that Macdowall had not done his duty in the past. In fact both speakers, as well as the majority of Reformers are, and have been, loud in their praises of Mr. Macdowall's consistent course and hard work since he became our member. Montgomery's most enthusiastic friends now admit that after last night's meeting their cause is hopeless, and annexation, Montgomery and reciprocity will be in the soup on the 5th of March.

Rev. Dr. McKay returned from his trip to Battleford on Saturday last.

J. M. R. Neely went out to Muskeg Lake last week.

L. R. St. Louis, the energetic general agent for the Massey Implement Co., came in from Duck Lake Saturday.

Considerable snow has fallen during the past week, and travelling at present is very tedious in consequence.

GOVERNMENT NOTICE.

By the Honourable EDGAR DEWDNEY, Superintendent General of Indian Affairs.

To all to whom these presents may come, or whom the same may in anywise concern—GREETING:

WHEREAS it is in and by the Act of the Parliament of Canada, being the 3rd chapter of the Revised Statutes of Canada, entitled, "An Act respecting Indians," amongst other things in effect enacted that the Superintendent General of Indian Affairs may, when he considers it in the public interest to do so, prohibit by public notice to that effect, the sale, gift or disposal to any Indian in the Province of Manitoba or in any Part thereof, or in the North-West Territories or in any part thereof, of any fixed ammunition or ball cartridge and every person who after such notice, without the permission in writing of the Superintendent General, sells or gives, or in any other manner conveys to any Indian in the Province of Manitoba or in any part thereof, or in the North-West Territories or in any part thereof, any fixed ammunition or ball cartridge, shall incur a penalty of not more than two hundred dollars, or shall be liable to imprisonment for a term of not more than six months, or to both the said imprisonment within the limits aforesaid, at the discretion of the Court before which the conviction is had.

NOW KNOW YE, that I, the said, the Honourable Edgar Dewdney, Superintendent General of Indian Affairs, considering it to be in the public interest so to do, on the subject dated the Nineteenth day of August 1888, do hereby give public notice that the sale, gift or other disposal to any Indian in the North-West Territories of Canada, or in any part thereof, of any fixed ammunition or ball cartridge is hereby further prohibited, and that the same prohibition is hereby extended to the Indians of Manitoba, and that every person who, without the permission in writing of the Superintendent General of Indian Affairs for the time being, sells or gives away, or in any other manner conveys to any Indians in the North-West Territories of Canada or in any part thereof, or in the Province of Manitoba or in any part thereof, any fixed ammunition or ball cartridge will incur the penalties provided by the said Act.

IN WITNESS WHEREOF, I have hereunto subscribed these presents at my office in the City of Ottawa, this Twenty-seventh day of January, 1891.

EDGAR DEWDNEY
Superintendent General of Indian Affairs.

ADDRESS

To the Electors of Saskatchewan:

GENTLEMEN,—Having been chosen by the Liberal Party, as their Candidate to contest this Constituency at the general election to be held on the 5th March next, and having accepted that nomination, I beg to request the honor of your support, and if elected, I will forward by every means in my power those reforms which the people of the Northwest Territories consider to be in their interest.

I shall especially endeavor to promote unrestricted reciprocity between Canada and the United States and the free interchange of products, both natural and manufactured, between these two countries. It will, in my opinion, be of inestimable advantage to the Northwest to be able to sell our products in the United States, where a large and profitable market is open to us, and it will be doubly to our advantage to be able to purchase the manufactured and natural products of that country without, in either case, having to pay the very heavy duties, which under the protective policy of both countries, so greatly impede trade.

The settlement of the half-breed scrip question also demands immediate attention. The Northwest Assembly and the people of the country have, time and again, brought this matter to the attention of the Dominion Government, but they have refused to do anything in the matter. The Liberal party are favorable to the giving of scrip to the children of all half breeds born prior to 1885, and I will advocate their claim to this until it is granted.

The reopening of the Rebellion Losses Claims, with a view to the adjustment of all unpaid losses, will also have my most earnest advocacy.

Another matter in which great injustice has been done is the refusal of the Dominion Government to grant scrip to the Northwest Mounted Police force and the Battleford Home Guard, both of whom, in my opinion, are as much entitled to be recognized as the volunteers and permanent militia corps. This I will also receive my earnest advocacy and support.

Another question of vital importance to the Territories is the Hudson's Bay Railway. I will forward by every means in my power the building of this road and with this object in view will advocate the granting of a subsidy in aid of a railway from Prince Albert or some other point in the Territories to Hudson's Bay.

These matters upon which I have here but briefly touched and which I hope to refer to at greater length at public meetings which I shall hold throughout the constituency, and all other matters of interest to this district will be forwarded by me by every means in my power, and I will be untiring in every effort to promote the best interests of the Saskatchewan, and the Territories at large.

As the time is so short it will be impossible for me to interview you all. I will, however, endeavor to see as many of you as possible, and also address you upon these important subjects.

In conclusion I respectfully request your vote and influence on my behalf.

I have the honor to be, Gentlemen,

Your obedient servant
